

## **PATRIOTS FOR FREEDOM PAC ISSUES ENDORSEMENT OF DALILA EPPERSON FOR CONGRESS (19th District)**

**HUNTINGTON BEACH, CA** Today, February 21, 2022, Patriots for Freedom PAC is pleased to announce the endorsement of Dalila Epperson, Republican Candidate for United States Congress, CA District 19.

Patriots for Freedom PAC is proud of Dalila Epperson's grassroots efforts in fighting for her community in District 19. As the wife of a firefighter and Navy Veteran, she is also a mother and beautiful grandmother, who is passionate about issues that are critical to families. Dalila has worked endlessly to stop the teachings of dangerous ideologies through unauthorized curriculums in local school districts without parental consent. Dalila recognizes the need for safer communities by supporting our police and first responders. Having owned and operated two small businesses herself, Dalila is a strong supporter of lower taxes, less government regulations that will empower businesses to thrive in District 19. Dalila took the bold step to run for office because of her passion to serve those that have been neglected by elected government officials. Without a doubt Dalila Epperson will serve her community, small businesses, and the working class. We strongly encourage across party lines to vote for Dalila Epperson for Congress in District 19.

Patriots for Freedom was created in 2021, first as a civic organization to unite communities. As the year progressed and hundreds of concerned citizens began attending Patriots for Freedom meetings, prompting Sonya Green the founder to make the bold decision to file as a political action committee for the purpose of getting patriots elected in local, state, and federal positions.
